Ok, I can ask the site attorney if she is familiar with her as well. I'll be in touch next week. I hope you have a nice weekend.

Great! I appreciate the help,

I am unsure of who Robin is in relation to our concern. I contacted OCC for the EPA in DC, I was referred to her to assist us with the request however she has not responded, so i dont know if she is a settlement specialist.

I will stand by for further info!

Hi Ex. 6 Personal Privacy (PP), Happy Friday to you too! I have a meeting with our site attorney for early next week to discuss in more detail. I have worked with the Superfund Program since 2014, but have not had any requests like this so I want to be sure I get you the correct info. Also, I am not familiar with Robin Drury, can you tell me who she is? Thanks!

Gina,

Can you tell me a little more about what they are saying the process is? Is there a form to fill out?

Have you been in contact with Robin Drury?

THANK -YOU, happy Friday!

Hello Ms. [REDACTED] I have not forgotten about you, I am just working with our attorney to determine what is correct here. Will get back to you as soon as I know more.

Please let me know if scheduling maintenance with Kinetico for Monday, 4/25 or Tuesday, 4/26 would work for you.
Thanks.

Perfect! Thank-you! I do have documentation stating the site is a superfund site. I realize the water treatment has helped but the contamination is known and this makes the house unsellable!

I am sure there is a community fund or recourse of some kind to recoup lost equity.

Hi [REDACTED] hope all is well today. I wanted to let you know I did see this message and just got your voicemail about compensation. I didn't want you to think I was ignoring you, but I do need to look into this a bit. I'm not familiar with the history related to this site and what, if anything, might be available, so let me speak to a few people and get back to you on any potential next steps.

I'll also touch base with [REDACTED] and get back to you with dates for maintenance.

Thanks and in the meantime if you have other questions, please let me know.

My apologies! I was called into work.

Anytime two weeks out is fine.

Also, I would like to schedule a follow up appointment with you on compensation for the contamination.

Please advise the correct process!

Hello Ex. 6 Personal Privacy (PP), thank you for your reply. My apologies for the persistent emails, I just wanted to ensure due diligence on my part so that your system can receive the appropriate maintenance. Please feel free to let me know if there is another way you prefer to communicate, or receive less frequent emails. I do not want to create an unpleasant experience for you.

I also want to confirm that yes, I understand that EPA or anyone employed by the EPA is not allowed on your property and that the maintenance contractor, Ex. 6 Personal Privacy (PP) would be servicing the water station. My colleague, Meg, did relay this information to me before she transferred.

I appreciate you checking back with a better date. As I mentioned in previous emails, if you can give us a two week heads up, we can work with Kinectico to arrange for this maintenance.

Thank you!

Sincerely,

Gina

Subject: Re: RESPONSE REQUESTED - US EPA Quarterly Maintenance Appointment for treatment system in February

Gina,

I appreciate your diligence. I must confess it is a very different experience than I have had previously with the EPA. I want to clarify the EPA or anyone employed by the EPA is not allowed on our property. We do not participate in the EPA testing regime.

The contractor [Ex. 6 Personal Privacy (PP)] is allowed to service the water station quarterly.

We are not available next week for quarterly maintenance. I will connect back with a better tentative date.

Thank you!

Subject: RESPONSE REQUESTED - US EPA Quarterly Maintenance Appointment for treatment system in February

Hello [Ex. 6 Personal Privacy (PP)]

I hope this message finds you well. I am writing in regards to setting up a quarterly maintenance appointment for your water treatment system. I also wanted to make you aware that my colleague, Meg Broughton, who I believe you communicated with in the past, transferred to our Denver Regional Office in November 2021. Moving forward, I am happy to be the primary point of contact for you at EPA.

Right now we are looking to conduct maintenance of the water systems during the week of February 21. Please let me know if this week would work for you and if so, which day you would prefer to have maintenance performed on your system. If this week does not work for you, please feel free to let me know if there is another week or day that would work well.

I thank you for your time and I look forward to hearing from you.

Sincerely,

Gina
